Guidelines for Pickleball Play:

Regular scoring is standard across the U.S.

- 4 courts in play: when there are 12 or fewer paddles down (people who are waiting) regular IFP scoring is used with 11 points winning (win by two).
- 4 courts in play: when there are more than 12 paddles down on the floor, scoring changes to 9 points (win by one).
- 2 courts in play: when there are 8 or fewer paddles down (people who are waiting) regular IFP scoring is used with 11 points winning (win by two).
- 2 courts in play: when there are more than 8 paddles down on the floor, scoring changes to 9 points (win by one).
- If the scoring rules change after a game has started, players should follow the new rule.

Stacking of paddles is permissible and encouraged. However...

- If there are less than four paddles in front of a stack, the number of paddles behind the stack needed to complete a foursome moves to the front and that group goes out on the court first.
- If there are not enough paddles down behind the stack, players coming off the floor will fill out that group.
- In the event that there is an empty court AND there are 3 or less single paddles followed by a stack of 4, AND the scores on the two occupied courts are 5-5 or less, the stack may take the free court first.
- This is a social group, so in the event of stacking, please allow others to rotate into your group.

Players may attend one level of play per day (ladder counts, classes and mixers do not).

GYM RULES & GUIDELINES

- **Food/Drink:** Water only is allowed in the gym. Food and other drinks must stay in the lobby area or outside. No exceptions please.
- **Bleachers:** Please make sure the bleachers are locked in place before use.
- **Basketball Hoops:** Hoops must be raised or lowered completely. The side hoops must be raised to 10 feet before raising to the ceiling. Please contact facility or athletic staff if you need help.
- **Ball Carts/Equipment:** Please make sure ball carts and equipment are returned to their proper location. During volleyball, the basketball cart should be moved into the storage room to avoid the temptation for kids to start bouncing the basketballs on the side.
